

# Fall Parent Learning Series

The Arc of the Quad Cities Area

The Arc is getting back to our roots. The grassroots and strength parents found when they banded together to re-imagine a future of possibilities for their children. By becoming engaged and informed parents are able to hurdle obstacles, relieve anxiety, and face challenges with renewed vigour. Which is why we are providing the resources parents need to make the best decision for their children with the Fall Parent Learning Series.

Parents can take advantage of one or all of the sessions. We encourage participants to attend the entire series if possible. Most sessions are FREE with the exception of the Sept 20 session which required registration through The Arc of Illinois. For more information or to register:
